The Falls are level or run at about three and a half hours on the flood, and about two and a half on the ebb, so that they are passable four times in twenty-four hours, about ten or fifteen minutes each time. No other rule can be given, as much depends on the floods in the River Saint John, and the time of high water or full sea, which is often hastened by high winds, and in proportion to the height of them.

# PARKS' COTTON MANUFACTURES.

ESTABLISHED 1861.

## COTTON YARNS

Awarded the only medal given at the Centennial Exhibition for Cotton Yarns of Canadian manufacture.

**Nos. 5 to 10's,  
WHITE, BLUE, RED, ORANGE AND GREEN,**

made of good American Cotton with lease, correctly numbered, and warranted full length and weight.

We would ask purchasers of Cotton Warps to remember that our Yarn is spun on Throstle Frames, which make a stronger Yarn than the Ring Frames used in making the American Yarn.

It is also better twisted and more carefully reeled, each hank being tied up in seven lease of 120 yards each. This makes it much more easy to wind than when put up without lease, as the American Yarn is, and also saves a great deal of waste.

Those acquainted with weaving will understand the great advantage it is to them to use Yarn put up in this manner.

## COTTON CARPET WARP

**Made of 10's Yarn. 4 Ply Twisted,  
WHITE, RED, BROWN AND SLATE,  
ALL FAST COLORS.**

Each 5lb bundle contains 10,000 yards in length, and will make a length of Carpet in proportion to the number of ends in width.

We put more twist into this Warp than it formerly had, and it will now make a more durable Carpet than can be made with any other material.

Since its introduction by us a few years ago it has come into very general use throughout the country.

# PARKS' Cotton Manufactures

ESTABLISHED 1861.

## GREY COTTONS,

In two qualities marked A. and B., and of two widths, 33 and 36 inch.  
This Cotton will be found quite equal to American in appearance, and owing to the Yarn being harder twisted, it will prove much more durable.

It is made with the smallest possible quantity of Sizing, and is consequently very much superior to any English Cotton imported.

Our Grey Cotton has our Stamp upon it.

## Beam Warps,

FOR WOOLLEN MILLS,

*Any width and any number of Yarn. Single or  
Double and Twisted, White and Coloured,  
Warranted to weave well.*

Our Goods are sold by us to the Wholesale Trade only, from whom Country Merchants and consumers can always obtain them by asking specially for them.

diseases as pervert and impair nutrition, vitiate the blood, and sap the vital forces. It is highly recommended for Consumption, Chronic Bronchitis, Coughs, Scrofula, Scrofulous and Syphilitic Ulcers, Tumors, Diseases of the Bones, Joints, and Spine, General Debility, Emaciation, and all impurities of the Blood. It is particularly adapted to delicate females in those low states of the system that manifest themselves in so many of the ailments peculiar to their sex. To the aged and infirm its nourishing and invigorating properties will give renewed strength and buoyancy of spirit; and to very young children its continued use will be found of incalculable benefit, as its tonic and nutritive properties supply the blood with strength-giving materials for bone and muscle structure, and thus furnish the foundation for strong and healthy constitutions. It is very pleasant to the taste.

Prepared solely by J. H. ROBINSON, Pharmaceutical Chemist, Saint John, N. B., and for sale by Druggists and General Dealers. Price \$1.00 per bottle; six bottles for \$5.00.

THE VITALIZING NUTRITIVE-TONIC qualities of Robinson's Phosphorized Emulsion of Cod Liver Oil with Lacto-Phosphate of Lime would indicate its great value as a Restorative and Invigorator, and in that low condition of the system prevailing in patients recovering from Diphtheria as well as Fevers especially those of a Typhoid character; while, if taken when the premonitory signs lassitude and weakness appear, it would have a tendency to prevent the attack, or lighten and shorten its duration. The cases in which it has been used fully bear out this hypothesis. It stimulates the enfeebled powers, and builds up and gives fresh life and vitality to the whole system. Prepared solely by J. H. Robinson, Pharmaceutical Chemist, St. John, N. B., and for sale by Druggists and General Dealers. Price \$1.00 per bottle; six bottles for \$5.00.

IN THIS PRESENT AGE, when the life-battle is so fiercely fought, and when upon even the strongest the tug and stress of it tell so heavily, how necessary it becomes for us to provide for the keeping up of our reserve stock of mental and physical stamina by the use of such a nerve-tonic and vitalizing agent as ROBINSON'S PHOSPHORIZED EMULSION OF COD LIVER OIL WITH LACTO-PHOSPHATE OF LIME! Its gently stimulating and nutritive-tonic properties supply the materials and assist Nature in her efforts to keep up with the exhaustive demands upon her reserves. Prepared solely by J. H. Robinson, Pharmaceutical Chemist, St. John, N. B., and for sale by Druggists and General Dealers. Price \$1.00 per bottle; six bottles for \$5.00.

Mr. George Sewell, of Memramcook, N. B., writing from Moncton, under date of May 7th, 1878, says:—Mr. J. H. Robinson, St. John, N. B., Dear Sir,—In January last I came to Moncton from Memramcook to consult a physician, as I was in the last stage of Consumption. When I arrived here I had to go to my bed, and was so low I never expected to leave it. A physician was called who pronounced my case hopeless; that I might live a week or two, but certainly not more. As a last resort he recommended Robinson's Cod Liver Oil with Lacto-Phosphate of Lime. I purchased a bottle, and after taking the first dose I commenced to improve. It seemed, after taking a dose, as if I had eaten a good, hearty meal. I have continued taking it ever since and am rapidly improving. I am confident that had it not been for your Oil I would have been in my grave to-day. You are at liberty to use this in any way you wish, as I am anxious to let others who are afflicted in the same way, know, in the hope that they too, may receive the same benefit.

A LEADING MEDICAL AUTHORITY says: "Consumption is essentially a disease of degeneration and decay. So that it may be inferred that the treatment for the most part should be of a *sustaining* and *invigorating* character—nutritious food, pure, dry air, with such varied and moderate exercises in it as the strength will bear, the enlivening influence of bright sunshine and agreeable scenery, and cheerful society and occupation, aided by a judicious use of *medicinal tonics* and *stimulants*, are among the means best suited to restore the defective functions and structures of frames prone to decay."

Robinson's Phosphorized Emulsion of Cod Liver Oil with Lacto-Phosphate of Lime by its gently stimulating and nutritive tonic properties is adapted in an eminent degree to this office of restoring the "defective functions and structures," as the number of cases in which it has been so successfully used, together with its short record of a few months that has placed it in the foremost ranks of proprietary remedies will fully testify.

ANOTHER COMMUNICATION FROM MR. GEO. SEWELL, dated Moncton, N. B., June 22nd, 1878.

J. H. ROBINSON, Esq.—Dear Sir—I wrote you in May last informing you of the wonderful cure your "Phosphorized Emulsion of Cod Liver Oil with Lacto-phosphate of Lime" had made in my case, and, at the same time promising to write you from time to time to let you know how I was getting along. I am much better in every way; am stronger; can walk a good long distance without getting tired. Sleep well and eat a hearty meal. In fact I am a new man in every respect, and those who saw me three months ago and see me now, can hardly believe that I am the same person.

The above are facts, and believing that ingratitude is one of the unpardonable sins, I feel it a duty to tell you of what, under a kind Providence, your preparation has done for me. Wishing you every success, &c. &c.

WEAK AND SICKLY CHILDREN, with their pinched features and emaciated forms appeal strongly to the best sympathies of every one. Yet, our sympathies are of but little benefit unless they take a practical form, and the sufferings from both Mental and Physical Debility be relieved by administering some such strength-giving medicinal and nutritive Blood and Brain food as *Robinson's Phosphorized Emulsion of Cod Liver Oil with Lacto-Phosphate of Lime*. It aids the processes of digestion and assimilation, re-vitalizes the blood, and supplying the material for bone and muscle structure, furnishes the foundation for strong and healthy constitutions.

Prepared solely by J. H. Robinson, Pharmaceutical Chemist, St. John, N. B., and for sale by Druggists and General Dealers. Price \$1.00 per bottle; six bottles for \$5.00.

### A CHILD'S OPINION.—A FACT.

STANLEY — had recovered from a very serious illness, brought on by too close application to his books, in his earnest endeavors to out-strip his little schoolmates in the race after knowledge.

His little brother, Percy, a youth of three summers, as was quite natural, held a very high opinion of the Medicine (Robinson's Phosphorized Emulsion of Cod Liver Oil with Lacto-Phosphate of Lime), that had produced such gratifying results,—but at the same time, had a very warm affection for it on his own private account. consent had descended to him, he critically holds it up between his eye and the light, and with the air of a Chief Justice, remarks :—"Mamma, I like 'zat better'n lobster."

Little Percy's just appreciation is a very general one among the children who have once taken the Emulsion, and mothers would have less cause for anxiety on account of the ceaseless drains upon the too frail constitutions of their fast-growing little ones did they but fully estimate the marvellous strengthening and vivifying properties of this medicine and its adaptability to the wants of GROWING STRUCTURES. Try it.

THE INVIGORATING, FATTENING, AND NUTRITIVE properties of *Robinson's Phosphorized Emulsion of Cod Liver Oil with Lacto-Phosphate of Lime* are such as would indicate its sufficiency to "sustain the body in the performance of its various functions," with the aid of but little solid food. Hence its superior remedial worth in the "*Wasting Diseases of Childhood*,"—the "*Wasting Away*," in those of "*Consumptive tendency*,"—in *Consumption* itself, as well as in *General Debility*, and in all cases of *Prostration* and *Emaciation*. Prepared solely by J. H. Robinson, Pharmaceutical Chemist, St. John, N. B., and for sale by Druggists and General Dealers. Price \$1.00 per bottle; six bottles for \$5.00.

## To Ascertain the Weight of Cattle.

Measure the girth close behind the shoulder, and the length from the fore part of the shoulder blade along the back to the bone at the tail, which is in a vertical line with the buttocks both in feet. Multiply the square of the girth, expressed in feet, by five times the length, and divide the product by 21; the quotient is the weight, nearly, of the four quarters in imperial stones of 14 lbs avoirdupois. For example, if the girth be 6 feet and the length  $5\frac{1}{2}$  feet, we shall have  $6 \times 6 = 36$ , and  $5\frac{1}{2} \times 5 = 26\frac{1}{2}$ ; then  $36 \times 26\frac{1}{2} = 945$ , and then, divided by 21 give 45 stone exactly. It is to be observed, however, that in very fat cattle the four quarters will be about one-twentieth more, while those in a very lean state will be one-twentieth less than the weight obtained by the rule. Or, multiply the square of the girth by five times the length as above and two-thirds of the product will equal the weight in lbs.

Orders on the United Kingdom.—On Orders up to £2, 25 cents. Over £2, and up to £5, 50 cents. Over £5, and up to £7, 75 cents. Over £7, and up to £10, \$1.

No single Order to be granted on the United Kingdom for more than £10, or on Newfoundland for more than £20, but as many Orders for these sums may be issued as will make up the sum required.

No Orders to be granted under any pretence, unless the Christian and Proper Names are supplied. The christian names of married women to be given, and not those of their husbands.

Names of parties, places and sums to be written in the plainest possible manner. As there are several localities of the same name, Remitters must be careful to indicate which of them they mean. For this purpose, the Province, County or State in which the paying office is situated must invariably be supplied.

33 Victoria, chap. 7, Sec. 24, enacts that "It shall be a misdemeanor for any Postmaster or other person authorized to issue Money Orders, to issue any Money Order without having previously received the purchase money, or sum payable therefor;" and Sec. 29 enacts that "every person who aids, abets, counsels or procures the commission of any such misdemeanor as aforesaid, shall be guilty of a misdemeanor and punishable as a principal offender."

The person to whom an Order is payable, can have it paid to a second person by writing on it, "Pay to the order of—", (the name of the second person to fill the blank) for value received."
